Mr. Robert Brown, President  
Garden at Fritz  
Fritz Farm Youth Gardening Program  
Baied'Urfé, Qc

Dear Mr. Brown:

On behalf of Volunteer West Island, we wish to thank you and your garden volunteers for harvesting and donating an abundance of vegetables throughout the summer and autumn months. Besides helping us provide more cost-effective meals to hundreds of seniors, our 13 Meals on Wheels kitchens were delighted and appreciative of your generous donation.

The Meals on Wheels volunteer cooks prepared meals for our clients using your fresh and delicious produce. These vegetables, when available, were a fantastic addition to their weekly meal preparation. One comment we heard was, "you can taste the care and kindness in the cherry tomatoes".

Thanks to your Youth Gardening program, you have made the community a better place to live by sharing.

Thank you to you and your volunteers for making a difference!

Sincerely yours,

Shelley Hayden  
Volunteer Outreach Coordinator
